

Josh Batchelor | Full Stack Software Developer

joshuasbatchelor@gmail.com | github.com/JoshBatchelor777 | linkedin.com/in/joshuasbatchelor

Portland, OR | (503)-719-2241

SKILLS

Languages: C#, Python, SQL, HTML / CSS, Javascript

IDEs: Visual Studio (ASP.NET, MVC 5, Windows Forms), NetBeans

Familiar Technologies: Git, Photoshop, Trello, Slack, Command Line

PROJECTS:

Personal Website : [See here](#)

A portfolio website put together using HTML, CSS, js and bootstrap. This is where more details about me and my projects can be found.

WAR! Card Game : [See here](#)

A C# course project where I far exceeded the expectations in order to learn about using Windows Forms.

Messaging App: [See here](#)

These are my improvements and additions to a messaging app on a social media website.

EXPERIENCE

Intern, Prosper I.T. Consulting: January 2018, Portland OR

For two weeks, I was involved in adding to a live website contracted to the Tech Academy. Both weeks had a one week sprint on a given story (functionality to be added). I chose the role of overhauling the messaging app the site uses to chat between friends. My additions can be found on my website listed under "Projects".

- ❖ Attend daily stand-up meetings to review work done on the previous day, discuss impediments and describe the job ahead of you for the current day.
- ❖ Study and make improvements to a full scale website.
- ❖ Improve both aesthetic aspects and back-end functionality.

Store Support Member, Whole Foods : May 2016 - Present, Hillsboro OR

- ❖ Customer checkout, stocking and organizing shelves.
- ❖ Training new hires, working closely with other team members.
- ❖ Maintaining a positive presentation of the store.

Operations Specialist, Revalerio Corporation : June 2015 - April 2016, Tacoma WA

- ❖ Order fulfillment, building pallets, working in production area.
- ❖ Organize / manage inventory using numerous applications.
- ❖ Generate documentation of company processes and practices.

Agricultural Lab Assistant, Revalerio Corporation : June 2015 - April 2016, Tacoma WA

- ❖ Record data, data entry.
- ❖ Maintain ongoing experiments.
- ❖ Miscellaneous construction.

Server, Original Pancake House : December 2014 - June 2015, Tacoma WA

- ❖ Clean, restock, prepare food, all while serving and entertaining 4 to 6 tables at a time.

Crew Trainer, McDonald's : May 2012 - March 2014, Portland OR

- ❖ Train new hires and adapt training on a regular basis to new practices

- ❖ Diverse types of customer service. Food prep, Barista, Dishwasher.
- ❖ Kitchen work (cooking, cleaning, inventory etc.).

Manual Labor : 2009-2012, Various Parts of Oregon

- ❖ Landscaping, construction, yard maintenance.

EDUCATION

Certification of Completion, The Tech Academy : February - December 2017, Portland OR

Tech Academy is a software “boot camp” style training school based in Portland, Oregon. Whilst attending, I studied the necessary languages and technologies to become a full-stack software developer.

Certification of Completion, Catalyst School of Transformation : September 2014 - June 2015, Tacoma WA

The Catalyst school of transformation is an evangelical christian school based in Tacoma, Washington. I lived in Tacoma for 2 years and during the first year, I attended this seminary-esc school for 2 purposes: Achieving extensive and lifelong personal growth, and for expanding my understanding of biblical theology.

VOLUNTEER WORK

Mission Trip : Berlin, Germany

March 2017

Towns reached: Berlin, Zehlendorf, Kreuzberg, Tempelhof

- ❖ Street evangelism, Refugee camp outreach.
- ❖ Team collaboration and event planning.
- ❖ Church services volunteer and prep work.

Mission Trip : Nadi, Fiji

July - August 2014

Towns reached: Nadi, Suva, Uto, Viro, Levuka

- ❖ Manual labor.
- ❖ Street & village to village evangelism.
- ❖ Team collaboration and event planning.

Homeless Shelters, Portland Rescue Center : Portland OR

Thanksgiving Day 2010 - 2011

A local event hosted by members of Beaverton Foursquare to provide homeless and/or disabled with a full thanksgiving holiday meal. As well as serve food, the intent was to provide a warm family setting where various hygienic supplies could be distributed.

Packed With love Event : Portland OR,

April 2009-2011

A Beaverton Foursquare based outreach to elementary school families in need. The aim was to donate and compile an abundance of school materials for k-9 aged children. In order to disperse these materials, a state fair style event was held to bring in families from surrounding neighborhoods.
